Présentation

Objectives

The Physiology Physiopathology platform aims to give students on the Health Biology Master's course broad training in Physiology/Physiopathology and more specific training in the fields of Endocrinology, Immunology, Neurosciences and Cell Signaling. • Deepen the knowledge acquired on undergraduate courses in the fields of Endocrinology, Immunology, Physiology and Cell Signaling • Introduce/deepen other disciplines such as Oncology and Neurosciences • Give students a holistic understanding of these disciplines, offering them a wide perspective on biological issues/problems • Develop critical thinking when analysing published research results
