Présentation

Skills

- Identifying adequate resources and archives for a research investigation; framing a research topic and question; writing a 100-page thesis in French, English or Spanish
- Critically analyzing a variety of sources in at least three languages; framing and discussing a complex topic; constructing a research project from initial to final stage; writing and delivering a research paper in three languages; working autonomously and on a team; becoming an expert in cultural and legacy studies specific to English- and Spanish-speaking societies.
- Developing proficiency in academic English, Spanish and French to write a 100-page paper in one of these languages, translate academic sources, exchanging with scholars and other research professionals in dissemination contexts; communicating effectively in multicultural professional environments.

- Developing autonomy and creativity in the handling of digital tools for research, publishing and dissemination of research.

Objectives

The Master's scientific field of study is the tangible and intangible heritage of French, English- and Spanish-speaking worlds. The seminars and language courses are taught in these three languages, by faculty whose research is done within the research centers SCRIPT (UEVE), DYPAC, and CHCSC (UVSQ).

Débouchés
