## **COVID-19 INFORMATION HOW TO WEAR A NON-MEDICAL** MASK

Non-medical masks, including homemade cloth masks, can help prevent the spread COVID-19. They are another tool to use in places where it's difficult to keep two metres from other people for extended periods of time - such as public transit, grocery stores, pharmacies, hair salons, airplanes and some retail shops.

Masks do not replace proper hygiene, physical distancing or isolation to prevent the spread.
