International track in France is a 2-year program that combines a Master 1 program for English-speaking students with any of the international M2 programs offered by the Master of Life Sciences and Health. International students with a good level in French can also access other M2 programs.

A full-time student will need to validate 60 ECTS (European Credit Transfer System) during each of the two academic years to complete the Master program.

Program and goals

The aim of this Master program is to provide a solid and broad-based foundation in prominent areas in Life Sciences and Health. In addition, given the wide range of electives offered, coupled with an intensive internship period, students will obtain both theoretical and practical experience in their fields of interest.

- Multidisciplinary teaching
- Modular approach
- Theoretical and practical training
- Stimulating research and innovation environment
