(optional) Please upload a support letter in case of an already identified secondment (PDF only, 10 Mo max)

By completing this form, I am informed that my data will be processed by the University of Paris-Saclay, acting as the data controller, in order to manage my application to the UPSaclay-STAR ϕ program, an international post-doctoral research programme.

The legal basis for the processing is pre-contractual measures.

The procedure for processing applications includes the collection of data for managing two selection phases (initial review and interview). It also includes:

For selected candidates: an eligibility, ethics and security verification process followed, if relevant, by a recruitment process, which will involve the collection and retention of additional documents by the University of Paris-Saclay and/or employers.

For some non-selected candidates who are well-positioned in the ranking: an offer to join a CV library accessible to academic members of the project as well as associated members (companies, institutions, business networks ; see Project webpage) and member institutions and companies of the partner business networks and startup incubators. The partner's list is available on the Project's website. The business networks and startup incubators are: [Systematic](#); [AsTech](#); [PIGES](#); [CentraleSupélec Incubator](#); [IncubAlliance](#). Only contact information and CVs will be shared in this context.

Regarding the data used during the application process : your data will be processed confidentially and securely. Externally, data will be transferred to scientific experts for analysis and evaluation of projects.

In accordance with our legal and contractual obligations, your personal data (for both selected and non-selected candidates) must be retained for a period of 10 years and 7 months after our last contact.

Regarding the CV library: the data will be retained for a period of two years after our last contact.

In accordance with the applicable legal provisions, you have the right to access, object to, rectify, limit the processing of, and delete your data.

To exercise these rights, you can contact the external Data Protection Officer of Paris-Saclay University, AESATIS via the email address: dpd@universite-paris-saclay.fr or the Graduate School of Physics service (gs.physique@universite-paris-saclay.fr).

If you believe, after contacting us, that your rights have not been respected, you can file a complaint with the French authority CNIL (Commission Nationale de l'Informatique et des Libertés).

I consent to the processing of my data as part of my application and potential recruitment.

☐ I agree

(optional) I consent to participate in the CV library open to:

- ☐ Academic members only
- ☐ Companies associated with the project
- ☐ Non-associated members of partner business networks and incubators
