The interview with the doctoral candidate conducted by the committee, whose objectives are to ensure the best follow-up of the thesis and simultaneously to lighten the nomination procedure and the committee process, is completed upstream by the [ANONYMOUS QUESTIONNAIRES](#) transmitted by the actors of the thesis to the ED and is also based on the **presentation of 3 slides that each doctoral candidate gives annually** to his or her referent. In case of proven difficulty detected through the Questionnaires, or a motivated request from the doctoral candidate, this follow-up committee is extended to personalities from outside the thesis environment. These elements are described in detail on pages 12 and 13 of the [internal regulations of the EOBE doctoral school](#) ("Règlement intérieur").

**Your full PhD registration is made of two successive steps:** the first one corresponds to the pedagogical registration at the doctoral school. The second one corresponds to your administrative registration and is made at your University/Engineering school. This form only deals with the first step among the two. Regarding your administrative registration (step 2), we invite you to ask questions to the relevant '[service de scolarité](#)' or [doctoral department](#) to have a precise knowledge of the procedures. Let notice that the forms that will be required for this second appointment can partially be printed from your ADUM personal account (eg the 'dossier de scolarité', among others). **PAY ATTENTION TO THE MANDATORY CVEC PROCEDURE.**

Regarding your pedagogical registration (step 1) at the doctoral school, the approach is as follows:

- You have to fill your ADUM personal account and to prepare the different points described in the following table.
- You make all the needed forms be signed by your PhD supervisor and by your research lab director. Then, you take [an appointment at the ED](#).

## CHECKLIST registration in 2<sup>nd</sup> and 3<sup>rd</sup> academic years 2018-2019 *(September 1 to August 31)*

**This document must be printed in LANDSCAPE, filled, and brought to your appointment at the doctoral school.**

**Please do not staple the pages.**

**If you do not have a printed version of this document on the day of your appointment, completed prior to the appointment, or that the requested actions have not been completed, the ED cannot sign any document.**

These so-called QUESTIONNAIRES can be downloaded from [there](#):

- The "supervisor-questionnaire" must be sent by your PhD supervisor before your appointment at the doctoral school. In case of CIFRE PhD, my industrial supervisor will also have to fill a questionnaire and send it to the doctoral school before your meeting.
- You must yourself have submitted your "PhD-student-questionnaire" prior to your appointment to the doctoral school. If however you are taken to forward your questionnaire at your appointment, the doctoral school will let the opportunity to meet with you and delay your academic registration at a later date.

**THE DOCTORAL SCHOOL WILL NOT PROCEED TO YOUR REGISTRATION WITHOUT HAVING RECEIVED THESE DOCUMENTS.**
