

International track in France is a 2-year program that combines a Master 1 program for English-speaking students with any of the international M2 programs offered by the Master of Life Sciences and Health. International students with a good level in French can also access other M2 programs. A full-time student will need to validate **60 ECTS** (European Credit Transfer System) during each of the two academic years to complete the Master program.

Program and goals

The aim of this Master program is to provide a solid and broad-based foundation in prominent areas in Life Sciences and Health. In addition, given the wide range of electives offered, coupled with an intensive internship period, students will obtain both theoretical and practical experience in their fields of interest.

M1 – Semester 1

Compulsory for ALL 22,5 ECTS	<p>Materiales</p> <p>Core Courses: "Genes, Proteins and Cells" Genetics and Genomics Cell Biology Cell Signaling Biochemistry</p> <p>Systems biology Biosignaling</p>
Rotations 7,5 ECTS	<p>Laboratory rotations 4 weeks; 2 to 4 laboratories Research-oriented areas</p>
Optional	<p>French as a foreign language</p>

M1 – Semester 2

Electives 15 ECTS	<p>Elective courses at 2.5 ECTS. Select among: Epigenetics*, Membrane dynamics*, Animal transgenesis, Introduction to biotherapies, Immuno-pathophysiology, Applied genomics and precision medicine, Introduction to synthetic biology</p> <p>Elective courses at 5 ECTS. Select among: Development in questions*, Current questions in evolution*</p>
Compulsory for ALL 15 ECTS	<p>Scientific project</p> <p>Research Laboratory Internship (8 weeks)</p>

- ✓ Multidisciplinary teaching
- ✓ Modular approach
- ✓ Theoretical and practical training
- ✓ Stimulating research and innovation environment

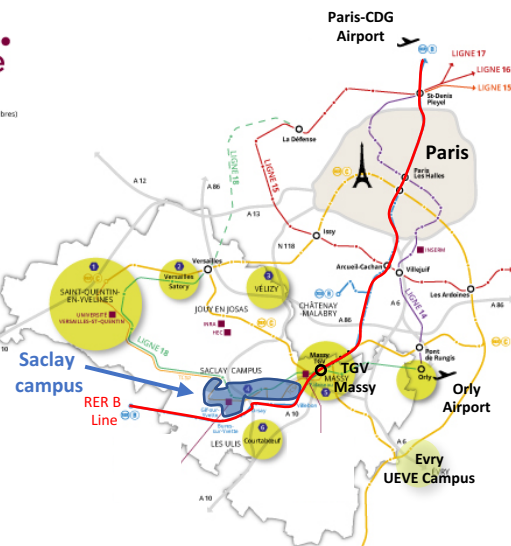

* Courses will open with a **minimum** of 10 registered students
Potential schedule conflicts for electives

ECTS: European Credits Transfer System
Students must validate 30 ECTS per semester
