

NanoTheRad Newsletter n°2

2017, July

Administrative news

The second project steering committee was held on June 26th : the members validated the following points:

- **The annual meeting organization in January 11, 2018**
- **Financial agreement modification:** the remaining 30K€ will be allocated to animation/communication budget. *Grant allocations for inscription and housing to national and international congresses with a 1500-€ maximum amount will be attributed to promote the outreach of the NanoTheRad projects through the national and international scientific community.*

(A specific communication will be done to NanoTheRad partners for the application procedure)

The financial convention between Paris Saclay University and project partners has been signed in May and the budget is available for each partner.

Consumables could be spent until the end of 2018 and contracts for personals have to be signed by the end of June 2018

Save the date: 2018 January 11th

NanoTheRad annual meeting will held in the amphitheater of Synchrotron SOLEIL in Gif sur-Yvette, France.

This one-day meeting will permit the NanoTheRad experts to share the advance of their respective research programs planned in the project.

The program is under preparation by the organizers Drs Fouillade, Nicolas and Pouponnot, and will be communicated in September.
